## Stable Value Fund Transfer Restriction

Before making a transfer from the Stable Value Fund, please note that transfers from the fund to any competing investment options require a 90-day equity wash. An equity wash is a period in which assets must first be transferred to a non-competing investment option before assets can be transferred to the competing investment options. The following are competing investment options: Vanguard Admiral Treasury Money Market Fund, FDIC Bank Option and Federated U.S. Government Securities Fund. Assets cannot be moved from the Stable Value Fund to these competing options unless they have been transferred to a non-competing investment option for at least 90 days.

*An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the fund seeks to preserve the value of your investment at \$1 per share, it is possible to lose money by investing in the fund.*

Please consider the investment objectives, risks, fees and expenses carefully before investing. For this and other important information, you may obtain mutual fund prospectuses and disclosure documents from your registered WDC representative. Prospectuses can also be obtained online at [www.wdc457.org](http://www.wdc457.org) under the Investment Options tab. For a self-directed brokerage account prospectus, contact Charles Schwab at (888) 393-7272. Read prospectuses carefully before investing. ■
